Experts in the footwear industry since 1959, FC Light has its origins over 10 years ago, product of an entrepreneurial family tradition over the course of several generations, in the cradle of the Spanish footwear, Villena (Alicante).

A long industrial record, that nowadays, has turned FC Light into a completely independent company, equipped with extensive manufacturing and storage facilities which provides it with a remarkable logistics and production capacity.

Consolidated as a R&D leading brand in the Spanish work footwear industry, our fundamental purpose is to project FC Light's unique identity as a 100% Made in Spain manufacturer towards the global market. It is with this in mind, that we do not cease in our effort to blend the best materials and latest sectoral tech innovations, with the intent to offer our customers a guarantee of excellent quality and service.
